

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claims in the application:

LISTING OF CLAIMS:

1-4. (Canceled)

5. (Currently Amended) A file storage device that is capable of communicating with a portable terminal, comprising:

a thumbnail image transmitting part for transmitting a thumbnail image for a specified file to said portable terminal in response to a request from said portable terminal;

an enlarged image generating part that is responsive to a request from said portable terminal containing an enlarging ratio relative to said thumbnail image, for generating an enlarged image for said corresponding to said enlarging ratio relative to said thumbnail image ~~in response to a request from said portable terminal~~; and

an enlarged image transmitting part for transmitting the enlarged image generated by said enlarged image generating part to said portable terminal.

6-7. (Canceled)

8. (Currently Amended) A printing system, comprising:

a file storage device for storing a file;

a printing device communicable with said file storage device; and

a portable terminal communicable with said file storage device, wherein
a file stored in said file storage device is printed by said printing device based
on an instruction from said portable terminal;

said file storage device including:

a thumbnail image transmitting part for transmitting a thumbnail image for a
specified file to said portable terminal in response to a request from said portable
terminal;

an enlarged image generating part that is responsive to a request from said
portable terminal containing an enlarging ratio relative to said thumbnail image, for
generating an enlarged image ~~for~~ corresponding to said enlarging ratio relative to
~~said thumbnail image in response to a request from said portable terminal;~~ and

an enlarged image transmitting part for transmitting the enlarged image
generated by said enlarged image generating part to said portable terminal;

said portable terminal including:

a display part for displaying the thumbnail image and the enlarged image
received from said file storage device.

9-12. (Canceled)

13. (Original) A program for controlling a file storage device that is capable of
communicating with a portable terminal, wherein said program causes said file
storage device to execute a process comprising the steps of:

1) transmitting a thumbnail image for a specified file to said portable terminal
in response to a request from said portable terminal;

2) in response to a request from said portable terminal containing an enlarging ratio relative to said thumbnail image, generating an enlarged image for corresponding to said enlarging ratio relative to said thumbnail image ~~in response to a request from said portable terminal~~; and

3) transmitting the enlarged image generated in step 2) to said portable terminal.

14. (Original) A computer readable recording medium on which the program for controlling a file storage device as claimed in claim 13 is recorded.
